Since 1994, *Steepletown* has become a vital presence in this West Side neighborhood. Following its mission to “*promote neighbor helping neighbor live with dignity and hope*”, Steepletown offers several support services and educational programs, many in partnership with other community-based organizations. This all takes place in our building located at 671 Davis Avenue.

Steepletown would like to recognize the generous support of many foundations, businesses, and individuals to complete **Phase I** of the renovations:

- Grand Rapids Community Foundation
- Steelcase Foundation

and many others.

Phase II has been kicked off with a tremendous gift from the Wege Foundation. Your help is needed to complete Phase II: installation of a lift, replacement of windows and lighting upgrades.
